## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 103***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claim 6 is rejected under 35 U.S.C. 103(a) as being unpatentable over Iijima.

For the reasons as set forth in paragraph three of the previous office action and further because it would have been an obvious matter of design choice to construct the adhesive label in any dimension deemed expedient, since such a modification would have involved a mere change in the size of a component. A change in size is generally recognized as being within the level of ordinary skill in the art. *In re Rose*, 105 USPQ 237 (CCPA 1955).

3. Claims 7-10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Iijima. as applied to claims 6 and 11 above, and further in view of Ando et al..

For the reasons as set forth in paragraph four of the previous office action.

### ***Response to Arguments***

4. Applicant's arguments filed 11/09/00 have been fully considered but they are not persuasive.

Applicant argues that Iijima does not disclose an adhesive label that does not extend over the entire surface of the disk. However the examiner submits that Iijima discloses the claimed

invention except for this particular feature. However the examiner submits that it would have been an obvious matter of design choice to dimension the label in such a manner, since such a modification would have involved a mere change in the size of a component. A change in size is generally recognized as being within the level of ordinary skill in the art. *In re Rose*, 105 USPQ 237 (CCPA 1955).

### *Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
